

**LEARN HOW TO TEACH SO THAT  
YOU CAN TEACH HOW TO LEARN**

## VISION

Saamarthya Teachers Training Academy of Research is set to be a premier institute that will enable educators to meet the global requirements of the profession by developing competencies based on extensive research on all aspects of education.

## MISSION

We equip teachers and leaders of schools with the skills and proficiencies required to create meaningful student learning experiences by developing professional expertise founded on scholarly inquiry, design thinking and research.

## ABOUT US

Saamarthya Teachers Training Academy of Research (STTAR) is supported by Jaipuria School of Business, which is a premier institute of business education founded by Seth Anandram Jaipuria Group of Educational Institutions. The group has a legacy of 78 years in the field of education and it presently operates in all verticals of the education landscape with 19 K-12 Schools, 5 Preschools, 2 Management Institutions. The group's strength includes 20,000 students, 15,000 alumni, 900 educators with presence in over 20 cities across North India.

# Saamarthya Teachers Training Academy of Research (STTAR)

Research, world over, has established beyond any doubt that the finest educational institutes are driven by great educators.

- “The quality of an education system cannot exceed the quality of its teachers” (OECD McKinsey Report 2007)
- We, at Saamarthya Teachers Training Academy of Research (STTAR), believe that competent and effective teachers are the cornerstone of an outstanding education system. To this end, we aim to provide stimulating, nurturing and learning environment where teachers will discover their passion and keep in step with the dynamic world of innovation in education. At the same time, we ensure that values and practices which have withstood the test of time, are further strengthened. Knowledge, skills and competencies will be delivered to the students in their care.
- The institute adopts an eclectic approach and draws upon the best practices from across the world.
- We hope to create an enduring legacy.

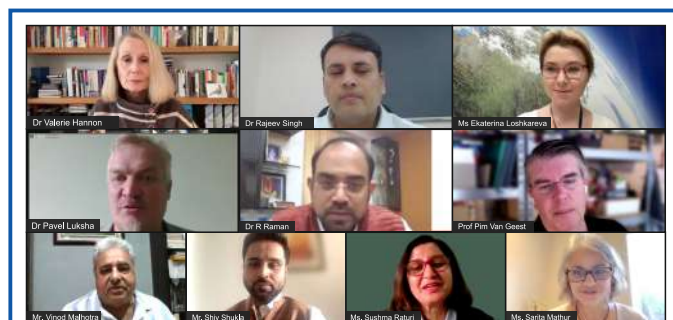

## ICT TRAINING TO 10,000 TEACHERS

STTAR has achieved the milestone of training 10,000 teachers of UP government secondary schools in Information and Communications Technology (ICT).

## HEALTH EDUCATION CURRICULUM

STTAR, under the aegis of Seth Anandram Jaipuria Group of Schools, has created & launched a Health Education Curriculum For Schools to promote physical, mental & emotional health of students.

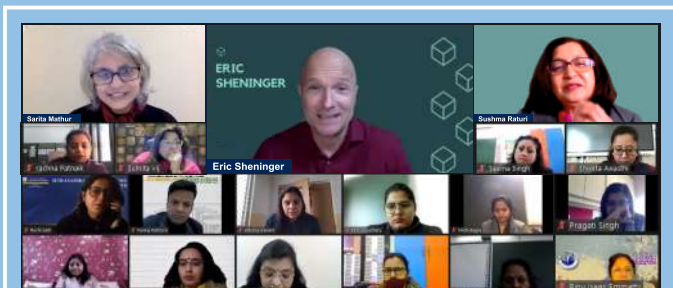

## STTAR FUTURE LEARNING SYSTEMS

A unique and futuristic professional development programme featuring sessions on topics at the cutting edge of technology & pedagogy, delivered by educators from across the globe.

## STTAR GLOBAL SCHOOL EDUCATION CONFERENCE 2023

An annual forum that brings together stakeholders from global education fraternity to re-imagine current ecosystems, brainstorm emerging innovations, ideate future trends, & foster exchange of best practices.

## DIGITAL LEADERSHIP AND LEARNING

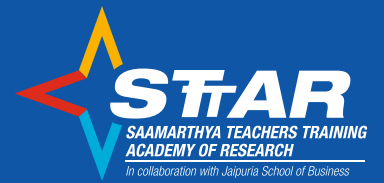

World-renowned author Eric Sheninger helmed the STTAR session on 'Digital Leadership and Learning' covering a wide range of areas for digital integration, including the seven pillars of digital leadership.

## EMPOWERING 2000 TEACHERS OF HP

STTAR partnered with 'Act To Transform Education' under the 'Ek Se Sreshtha' initiative of the Himachal Pradesh government to impart professional development trainings to 2000 teachers.

# OUR OFFERINGS

Our offerings for STtAR span six focus areas: teacher training, academic research, curriculum development, school enrichment programs, teacher competency testing, and student assessment. We empower educators with cutting-edge training, drive innovation through research, and ensure curriculum relevance. Our enrichment programs enhance student experiences, while rigorous testing and assessment tools support educational quality and individual progression. These comprehensive services aim to drive positive change and excellence in education. STtAR shall soon be launching a 6-month certificate course on Early Childhood Foundational Years and a 6-month certificate course on Artificial Intelligence.
